Dennis Long **seconded** the motion. The motion passed with all voting in favor.

***REQUEST TO WAIVE BUSINESS LICENSE FEE***

Cable Murray with Timberline Engineering came before the Council to explain the work they completed for the City in the Farm Subdivision. Mr. Murray explained that Craig Blunt asked them to review the storm water calculations, storm inlet boxes, and the size of pipe for the water retention pond in the Farm Subdivision. Mr. Murray said they reviewed the calculations provided by the design engineer and thought they were a little different but for the most part they made sense. He said the calculations were different from what he typically sees so they determined to run the figures like they would for water storage. He said the design engineer totals for storage were 18,780 cubic feet of storage, then multiply that by the 1.25 multiplier that was added to the code in the last year determined they would need 23,476 feet of storage in the pond. Mr. Murray said when they ran their own figures they came within 1.2 percent of their calculations and were basically right on. Mr. Murray said for a statistical guess of what mother nature is going to do and running the models different ways he felt their calculations and volumes were

***PAYMENT APPROVAL TO TIMBERLINE ENGINEERING FOR THE FARM SUBDIVISION***

very accurate. Mr. Murray felt very comfortable with the totals. Mr. Murray said they looked at the curb inlet analysis and said most of the water is caught in the first box and what goes down is caught in the next two. They also ran the figures on the pipe capacity to make sure they would work and stated it is well over designed. Mr. Murray said their only recommendation was, because of the unique placement of the pond, once it is built they would recommend verifying that it's capacity is correct. Councilman Kitchen said this is what they wanted because all they received before was the letter from Timberline with no calculations. Robert Hall **moved** to approve payment to Timberline Engineering and thanked Mr. Murray for coming to explain all of it. Dan Olsen **seconded** the motion. The motion passed with the following roll call vote:

Robert Hall	Aye
Dan Olsen	Aye
Dennis Long	Aye
Kenneth Reynolds	Aye
Gordon Kitchen	Aye

Nikki Kay explained they received the invoice from Precision Retirement Group and asked for approval to pay them. Nikki reminded Council this would be to set up a Health Trust Account for those retiring from the City. Gordon Kitchen **moved** to approve the payment and to have the Mayor execute the agreement. Kenneth Reynolds **seconded** the motion. The motion passed with a roll call vote as follows:

Robert Hall	Aye
Dan Olsen	Aye
Dennis Long	Aye
Kenneth Reynolds	Aye
Gordon Kitchen	Aye

Chief Watkins came before the council to report on the hiring process they just went through to seek a replacement for Valeen Horrocks, who just retired. Chief Watkins said they selected an officer with eighteen years experience from Heber, his name is Daniel Bunnell and they would like to bring him just above mid on the pay scale at \$22 per hour. Gordon Kitchen **moved** to approve the hire of Daniel Bunnell. Chief Watkins said they will introduce Officer Bunnell and have the badge ceremony at the next meeting. Dennis Long **seconded** the motion. Dan Olsen **questioned** the motion and asked if that would include the 5% increase with

***APPROVE PAYMENT TO

GROUP FOR HEALTH  
TRUST ACCOUNT***

***APPROVE TO HIRE NEW  
POLICE OFFICER AND

a satisfactory six-month review. Mayor Baker said that has been pretty standard. Councilman Kitchen said that was based on review and is part of the hiring policy and he is good with that. The motion passed with all voting in the affirmative.

Chief Watkins said the retirement of Valeen Horrocks created a vacancy in the Sergeant's position and he had two officers able to test for the position. Chief Watkins said officer Jason Bateman tested highest and they would like to promote him to Sergeant. Chief Watkins said he is an eighteen year veteran and he asked the Council to approve a pay increase to \$25 per hour which would be just above the mid range. Robert Hall **moved** to approve the promotion with the pay requested. Dan Olsen **seconded** the motion. The motion passed as follows:

***APPROVE POLICE  
PROMOTION AND WAGE  
INCREASE***

Robert Hall	Aye
Dan Olsen	Aye
Dennis Long	Aye
Kenneth Reynolds	Aye
Gordon Kitchen	Aye

Councilman Kitchen raised the question of what this would do on a merit increase where they have merit reviews coming up soon. Chief Watkins said he has been working with Joshua Bake on a new step pay chart and they hope to have it ready by the next budget workshop. Chief Watkins said they need to get more specific on their merit or step increases. Councilman Long said they mentioned it because officer Bunnell will have his six-month review in the next fiscal year. Chief Watkins said with the last two hires they haven't given any additional pay increase at the beginning of a budget year if they just received the five percent increase. Chief Watkins wanted to make sure the Council understand there could be some adjustment, even to the new officers, if the Council approves the pay schedule they are working on. Mayor Baker said they discussed adjusting the scale every three years. Councilman Kitchen wanted to know if the policy addresses the matter of a new employee not getting a COLA or merit increase after receiving the five percent until they have been employed a year. Councilman Kitchen said the policy needs to be written to match what is being done. Chief Watkins said it's not addressed in City policy or police policy. Chief Watkins said the policy does need attention and he would like to work with Joshua to make the changes before they are brought to Council so they don't have to spend a lot of time on it.

Chief Watkins said he was able to receive a good deal on new tires for the two police durangos so he went with it. He asked approval for a total of \$1,105.60 for eight new tires. Dan Olsen **moved** to approve the expenditure. Robert Hall **seconded** the motion. The motion passed as follows:

Robert Hall	Aye
Dan Olsen	Aye
Dennis Long	Aye
Kenneth Reynolds	Aye
Gordon Kitchen	Aye

Jim Harper reported to the Council that in order to get the generator at the shop up and going he need to get a propane tank. Jim said they needed the tank and propane in order to test the tank. Councilman Olsen asked if it was already installed. Jim said it is and it does work. Mayor asked if it also works on natural gas. Jim said it does. Dennis Long **moved** to approve the expenditure. Kenneth Reynolds **seconded** the motion. The motion passed with the following roll call:

Gordon Kitchen	Aye
Kenneth Reynolds	Aye
Dennis Long	Aye
Dan Olsen	Aye
Robert Hall	Aye

Jim Harper told the Council the generator at the City office has not been operational. He said he has been looking in to what it would take to get it up and going. He said they would need a professional to hook it up and they need some propane. Jim asked for \$2,830 to buy the kit to hook it up, the testing, and propane for both tanks. Robert Hall **moved** to approve the amount of \$2,830. Dennis Long **seconded** the motion. The motion passed as follows:

Gordon Kitchen	Aye
Kenneth Reynolds	Aye
Dennis Long	Aye
Dan Olsen	Aye
Robert Hall	Aye

Jim Harper gave Council members the bids he received for flowers on Hwy 40. Jim said they have to request the bids this time of year so the nursery's have time to order the flowers. He received a bid from Allred's Yard in Roosevelt for

After some discussion on how well the flowers from last year looked and how well they lasted, Gordon Kitchen **moved** to accept getting the flowers through Allred's Yard. He said they received good service and they were of good quality. Dennis Long **seconded** the motion. The motion passed with the following vote:

Robert Hall	Aye
Dan Olsen	Aye
Dennis Long	Aye
Kenneth Reynolds	Aye
Gordon Kitchen	Aye

Jim Harper asked for approval to purchase new road signs. Jim requested bids from three companies but two of the companies said they couldn't compete with the price from Safety Supply & Signs. The total for the signs listed was \$2,737.43. Mayor Baker suggested Jim remove the Chevron signs for the turn about in the Farm because he thought that might be going away. Councilman Long asked about a sign for jake brakes. Jim said they should be able to order those at any time as soon as the restriction is in place. Dennis Long **moved** to approve the \$2,737.43. Kenneth Reynolds **seconded** the motion. The motion passed as follows:

Robert Hall	Aye
Dan Olsen	Aye
Dennis Long	Aye
Kenneth Reynolds	Aye
Gordon Kitchen	Aye

***REQUEST APPROVAL TO  
PURCHASE NEW ROAD  
SIGNS***

Jim Harper asked for approval to purchase a new BAH assembly for the sweeper. Jim said this is the broom assembly for the sweeper and this is a high wear item on the sweeper. Jim said the funds would be coming from 10-60-269 and he wanted to buy the abrasion resistant package to help protect the pipes going into the tank. Councilman Hall asked how long the last one lasted. Jim said about 1300 hours. Jim said this would be replacing the motor from 2005. Robert Hall **moved** to approve the purchase. The next request was for Jim to attend a street light class. Jim said this was a trouble shooting class and to get familiar with the street light system. Dennis Long **moved** to approve the request for \$75. Dan Olsen **seconded** the motion. The motion passed as follows:

Robert Hall         Aye  
Dan Olsen            Aye  
Dennis Long         Aye  
Kenneth Reynolds   Aye  
Gordon Kitchen     Aye

Jim requested approval to attend a roadway safety class also sponsored by Utah LTAP. There was no amount listed for the class and Jim wasn't sure about that. Kenneth Reynolds **moved** to approve the \$30. Members of the Council questioned if there would be a price for the class. Mayor Baker said they could approve it at the next meeting and Jim could find out if there is a registration fee. Kenneth Reynolds **withdrew** his motion. Gordon Kitchen **moved** to table this until the next meeting. Kenneth Reynolds **seconded** the motion. The motion passed with all voting aye.

Jim Harper and Joshua Bake submitted a travel request to attend the asphalt conference in Salt Lake City. Jim said with so many classes being offered it is ideal for two people to attend, split up, and gather as much information as possible. Nikki Kay stated she was not able to make the motel reservation yet and didn't have the price for that. Dennis Long **moved** to table this until the next meeting also and get

Mayor Baker said Dale Harrison has served for eleven years on the Planning Commission and it has come time to appoint someone to take his place. Dan Olsen **seconded** the motion. The motion passed with all voting aye.

***UPDATE ON PLANNING

Joshua Bake wanted to update the Council on the Commission members. He said he was able to speak with all of the members, except Cresta Slaugh, and they were all very interested in continuing to serve as members of the Planning Commission.

Joshua Bake said he received the property survey from Uintah Engineering and said he will work with Dennis Judd to get the final signatures. He stated Council would need to authorize the Mayor to sign the final closing papers for the land acquisition. Robert Hall **moved** to give that authorization to the Mayor. MEMO TO: City Council

FROM: Joshua Bake, City Administrator

SUBJECT: Invoice for Fence Project at Naples City Fire Station

Recommendation:

That Council approve payment of the remaining balance to Owell Precast for the installation of the fence near the Naples City Fire Station

Summary:

Naples City made an agreement with Strata Networks to construct a concrete fence separating Strata's and the City's properties near the Naples City Fire Station. According to Strata, the City had an agreement with Strata to share the cost of the fence at a projected cost of \$47,558. The City later requested that engineering be done for deeper footings which increased the cost \$23,966. The engineering for deeper footings was not a requirement to complete the fence and was done only at the request of the City after the agreement was made with Strata. Strata is now requesting that the City pay for half of the fence price and the engineering for deeper footings amount.
